

Wedding Film Packages

2021

Important Information

-

- Due to COVID-19 and our mother having cancer, we no longer do pre-wedding meetings. We do however have a call with the client before the event to run over the schedule and answer any questions.

- Your booking is only confirmed once a minimum of 50% booking fee of the final amount has been paid. We will not film if this fee has not been paid and we do not hold the date for you unless this fee is paid. The remaining 50% is payable once we have completed the editing of your video.

Please be advised that our "filming clock" starts ticking immediately upon arrival at the (first) location we will be filming at.

- For Muslim Weddings, if the Nikkah and Reception/Walima is on separate days, please be advised that there is an additional fee of R2000.
- For Muslim Weddings, we always start filming the Wedding from the Nikkah i.e we do not come to the homes before the Nikkah.
- We need at least 1h30m hour with you as a couple on the wedding day location shoot.
- All our fuel costs in Cape Town are included in all packages. We don't charge extra for this.
- A full film is still edited like a highlight film, the only difference being that when the ceremony/nikkah and reception is shown, it is shown in full.
- In our contract, You will have a choice on whether your video can be uploaded or not. However, please be advised that in the case where you do allow us to upload your video, it does not mean we will upload it.
- We are based in Cape Town, South Africa but We do travel outside of Cape Town to film weddings. You will have to cover flights, accommodation and car rental for 2 video shooters and 1 assistant. There is also an additional charge of R3000 for time away from family and risk of travelling with expensive filming gear. flights will have to be 1-2 days before the Wedding and return flight the day after the wedding.
- Due to COVID 19, we no longer do guest interviews at the Wedding Reception to protect ourselves and the guests.
